Alfa-Laval® Pumps – For pump models: LKH and ALC series. ZMT offers lower cost alternatives to genuine Alfa-Laval® seals. ZMT offers more choices than O.E.M.: Carbon vs. Sil-Car and Sil-Car vs. Sil-Car seals. ZMT maintains strict quality standards to ensure our Alfa-Laval® seals meet or exceed O.E.M. specifications.

APV Pumps – For pump models: W and W+ series. ZMT offers lower cost alternatives to genuine APV seals. ZMT offers more choices than O.E.M.: Carbon vs. Sil-Car and Sil-Car vs. Sil-Car seals. ZMT maintains strict quality standards to ensure our APV seals meet or exceed O.E.M. specifications.

Fristam® Pumps – For pump models: FP, FPX, FKL, and FS series. The ZMT seal is engineered to be more sanitary than the O.E.M., uses no water flush, and can be inexpensively repaired. Single and double seals are available. The ZMT Fristam® seal is competitively priced. Our Fristam® seals will save money by low cost repair, better reliability, and eliminates water consumption.

Tri-Clover Seal Kit

Tri-Clover® Pumps – For pump models: C, SP and EH series. ZMT offers lower cost alternatives to genuine Tri-Clover® seals, and Tri-Clover® pump replicas. ZMT offers more choices than O.E.M.: Carbon vs. Sil-Car and Sil Car vs. Sil Car seals. We also offer ZMT engineered seals. These seals provide superior performance and better reliability by eliminating back-plate wear. These are pre-assembled cartridge seals. ZMT maintains strict quality standards to ensure our Tri-Clover® seals meet or exceed O.E.M. specifications.

Waukesha® Pumps – For pump models: U and U2 series. ZMT offers lower cost alternatives to genuine Waukesha® seals, and Waukesha® pump replicas. ZMT offers more choices than O.E.M.: Carbon vs. Ceramic, Carbon vs. Sil-Car and Sil-Car vs. Sil-Car seals. We also offer ZMT engineered seals. These seals provide superior performance, better reliability, and eliminates water consumption. A pre-assembled cartridge seal is available for some pump models. Aseptic seals are available as well. ZMT maintains strict quality standards to ensure our Waukesha® seals meet or exceed O.E.M. specifications.

Better than OEM
